Admission and schooling of migrant children at a glance

Download translations from

http://www.fr.ch/osso/fr/pub/entree_a_lecole_et_lieu_de_fr/accueil_scolarisation_migrants.htm

Notification

- > Registration at the communal administration
- > Registration form completed
- > Notification of new student to the management of the school
- > Information to the person in charge of admissions

Admission

- > Preparation of the admission procedure
- > First meeting with the student and his parents
- > Initial assessment
- > Allocation to a class
- > Preparation of the regular class for the admission
- > Drafting of an individual education project
- > Organisation of the language classes and, if necessary, of additional classes to support the individual education project

Communication

- Information sent to the parents with possible remedies to the class allocation, the school materials to bring along for the first days at school
- > Information to the teachers (teacher and teacher of French as a second language) on the first meeting with the parents and the initial assessment results
- > Meeting with the parents to inform them of the individual education project and the organisation of language classes

Monitoring

- Second meeting with the parents
- Monitoring of the student: adjustment of the individual education project and of the language classes
